**(CBS Connecticut)** — State police say one person was killed and a second suffered serious injuries in a single-vehicle crash on Interstate 384 in Bolton overnight.

Police say the SUV was eastbound near Notch Road when it missed a curve and hit the guardrail. 21-year-old Thomas Hendel of Coventry suffered fatal head injuries and 25-year-old Emily Mills of Waugan suffered rib and pelvic injuries. It's not clear who was driving.

The accident affected traffic into the morning rush hour, on I-384, Route 44 and Route 6.

Police asked anyone with information about the accident to get in touch with Trooper Brian Lovell at (860) 465-5400.
